

Risk identification TWA Mangaparae

Reference	Risk	Source (How can the risk occur)	Impact (What is the impact of the risk occurring)
1	Delivery failure	<p>The project requires international cooperation, international indigenous participation and complex data base construction. Initial orders must follow print production to create positive cash-flow.</p> <p>This may take longer than planned</p>	Cash-flow issues connected with funding employees and overheads
2	Funding	No funding from Enterprising Communities	The project will still go ahead but without an employment creation focus
3	Price pointing	Considerable increase in value of NZ Dollar	Increase in product price reducing sales potential
